

Networking Emails

Hi John,

My name is Sebastian Diaz, and I am a rising senior at Miami University majoring in Mathematics. I found your contact through the alumni network. For the last two summers I have worked in finance, this past summer at Money Capital and the summer before at Basement Trading Partners. I would very much like to continue my development in finance after graduation.

Would you have some time to chat? I would love to learn about your experience at Pine River Capital and your path in the industry. Please let me know.

Warm Regards,
Sebastian

John,

I hope you're doing well. Thank you so much for taking the time to speak with us after the information session. Our conversation regarding the Moelis Healthcare group's culture as well as its industry strength really stuck with me.

I love so much of what I've heard about the firm so far and would greatly appreciate the opportunity to hear more about your experiences. If you have some availability, would you be willing to have a short phone conversation sometime next week? I've attached my resume for reference.

I hope to hear back from you and thank you for your time.

Best,
Sebastian Diaz

Hi John,

I hope you're doing well and enjoying your summer.

I'm a junior at Miami University trying to pursue a career in Energy Investment Banking. My current internship in New York at a tech consulting firm deals with valuation and strategy for Digital Oilfields and Industrial Internet solutions applied to the upstream, midstream and downstream processes, and trying to understand the financials behind the Oil & Gas industry has been very interesting.

I have not had too much exposure to Investment Banking other than case competitions and various articles, but nothing comes close to talking to an industry professional. I would love the opportunity to speak with you about your experiences working at Evercore. If you have some availability would you be willing to have a short phone conversation? Thank you so much for your time.

Sincerely, Sebastian Diaz

Thank You Emails

Hi Molly,

Thank you for the great dinner tonight! It was so nice to talk to you, Joe, and Mitch and learn more about Money Capital. Hearing more about the group tonight has made me extremely excited for the internship opportunity, and I hope to continue forward with the application process.

Thanks again!
Sebastian

Hi Kaitlyn,

Hope you are staying safe and doing well! I know being at home is getting to all of us a little bit.

I wanted to thank you for all your help during my recruiting cycle. I am about to start at Money Capital and was reflecting on my interview experience. You were extremely helpful, accommodating, and nice during the whole process. I cannot overstate how much I appreciate all you did for me. Even with the speed and competitiveness of the process, you made recruiting much more enjoyable.

Have a great week!

Thanks,
Sebastian

Hi John,

Thank you so much for taking the time to talk to me today. It was a pleasure getting to know you and learning more about the firm. All the great things Kaitlin said about the culture definitely seemed to hold true and the excitement of working in a fast-growing office sounds amazing.

I'll keep you updated with my process and hope to be in touch.

Best,
Sebastian

Catch Up Emails

Hi Sebastian,

I hope you are doing well and enjoying your new job. Working from home must have been a huge change from what you were used to. I'm currently back in New York and have been taking a couple of online courses for fun to pass the time.

My internship is slated to start in July, so I've also been trying to learn as much as I can in anticipation of that. I can definitely use some guidance for the internship, so do you have a minute sometime in the next few days to catch up? Thanks for your help.

Best,
Paul
